

## TECHNICAL INFORMATION SHEET

---

Product Name **WINDSCREEN WASH TABLET**

### PART NO. WASHTABLET

The RevEng Windscreen Wash Tablets provide an easy, quick and measurable dose of windscreen cleaning soap to the washer bottle. Each tablet contains 3 active ingredients to ensure the water does not grow algae and therefore preventing blockage of the pump and jets. There are 2 active ingredients that work together to clean your windscreen. Each table will treat up to 5 liters of water and dissolves in a few minutes without ever leaving any sediment. The product is designed to keep your windscreen wipers soft and clean and it will not harm paint or leave streaks.

### RevEng Windscreen Wash Tablets provide the following benefits

Measurable dose, quick and easy to administer. Contains anti bacteria and anti-algae ingredients. Takes up very little space when compared to 20 litre drums. Thoroughly cleans glass without leaving streaks, will not harm paint, rubber or plastics. Dissolves in a few minutes.

### DIRECTIONS OF USE

Simply open pack and place 1 tablet into pre filled windscreen wash bottle, allow a few minutes to dissolve before use. For larger washer bottles, 2 tablets can be used. Note: some vehicles may have a filter/screen in the wash bottle, it is recommended to remove before adding tablet or dissolve tablet in water and then fill.
