

TECHNICAL INFORMATION SHEET

Product Name **PRO CLEAN 900 HAND CLEANER**

Part no: RPC900

RevEng Pro Clean Hand Cleaner is an all-natural hand cleaner, its heavy-duty formula will clean the dirtiest of hands, it is super concentrate which makes it very economical. Proven to get up to 900 hands cleaned out of one tub. Its solvent free formula also prevents dermatitis and its after wash moisturising eliminates cracked and dry hands. RevEng Pro Clean 900 hand cleaner is pH neutral, therefore it matches your skin's natural pH level. Its gritting is just enough to clean hands but not enough to block drains. It is the perfect all-round heavy-duty hand cleaner for any workshop.

RevEng Pro Clean 900 Hand Cleaner provides the following benefits

Prevents Dermatitis, dry and cracked hands. Very economical with up to 900 hands washed. Free from solvents and harsh chemicals. All-natural heavy-duty formula that is pH neutral and very effective at cleaning the dirtiest of hands. Will not block drains.

DIRECTIONS OF USE

Apply a small amount onto 1 hand, about the size of a 20-cent piece. Rub both hands together before adding a small amount of water, continue rubbing hands together and adding small amounts of water until clean. For a better clean warm water is recommended.
